

PILCO No.1 in Plastic Pallets

A-TYPE

Pallets Design	Industrial Pallet
Size of Pallets	1200x1000x160mm
Static Load	4000 kg (UDL)
Dynamic Load	1000 kg (UDL)
Racking Load	1000 kg (UDL)
Color	Blue/Red/White
Moulded	Injection Moulded
Forklift Entry	4 Way/HPT/Stacker/Forklift
Material	HDPE (Virgin)

B-TYPE

Pallets Design	Plain Top-9 Legs
Size of Pallets	1200x1000x150/1000x1000x150mm
Static Load	2000 kg (UDL)
Dynamic Load	1000 kg (UDL)
Racking Load	Not Applicable
Color	Blue/Red/Orange
Moulded	Roto Moulded (Virgin)
Forklift Entry	4 Way/HPT/Stacker/Forklift
Material	LLDP/Steel Reinforced (Virgin)

P-TYPE

Pallets Design	Plain Top-9 Legs
Size of Pallets	1200x1000x150/1000x1000x150mm
Static Load	2000 kg (UDL)
Dynamic Load	1000 kg (UDL)
Racking Load	Not Applicable
Color	Blue/Red/Orange
Moulded	Injection Moulded
Forklift Entry	4 Way/HPT/Stacker/Forklift
Material	HDPE (Virgin)

I-TYPE

Pallets Design	Food Godown Pallet
Size of Pallets	1500x750x125mm
Static Load	5000 kg/5 RIBS (UDL)
Dynamic Load	Not Applicable
Racking Load	Not Applicable
Color	Black
Forklift Entry	Not Applicable
Material	HDPE/Steel Reinforced
For Rice, Wheat, Dals Milk Powder, Cement Etc.	

D-TYPE

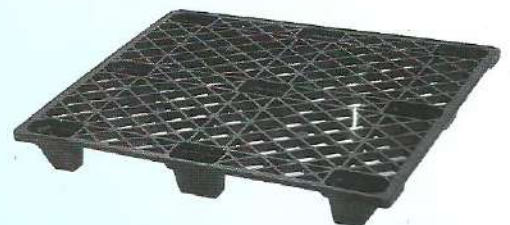

Pallets Design	Industrial Pallet
Size of Pallets	1200x1000x60mm, 1300x1100x150mm
Static Load	4000 kg (UDL)
Dynamic Load	1000 kg (UDL)
Racking Load	800 kg (UDL)
Color	Blue/Red/White/Yellow
Moulded	Injection Moulded
Forklift Entry	4 Way/Stacker/Forklift
Material	HDPE (Virgin)

G-TYPE

Pallets Design	Export Pallet
Size of Pallets	1200x1000x135/1100x1100x135mm
Static Load	1500 kg (UDL)
Dynamic Load	500 kg (UDL)
Racking Load	Not Applicable
Color	Black
Moulded	Injection Moulded
Forklift Entry	4 Way/HPT/Stacker/Forklift
Material	HDPE (Recycled)

J-TYPE

Pallets Design	Nestable Export Pallet
Size of Pallets	1200x1000x140/1200x800x140mm
Static Load	1000 kg (UDL)
Dynamic Load	500 kg (UDL)
Racking Load	Not Applicable
Color	Black
Moulded	Injection Moulded
Forklift Entry	4 Way/HPT/Stacker/Forklift
Material	HDPE (Recycled)

M-TYPE

Pallets Crate	Vegetable Crate
Size of Pallets	530x360x280mm
Capacity	20 kg
Color	Blue/Red/Green
Moulded	Injection Moulded
Material	HDPE/Virgin & Recycled Both

(Dustbin)

60 Liter, 80 Liter, 100 Liter,
110 Liter, 220 Liter
With Without Wheels

PILCO

No.1 in Racking Systems & Cable Trays

Pallet Racks

USE YOUR WAREHOUSE SPACE TO YOUR BEST ADVANTAGE BY TIERING YOUR CUBIC SPACE WITH PALLET RACKING.

PILCO has designed Pallet Rack for optimum strength and stability, while offering easy assembly and expansion to suit your needs, These racks are engineered for bulk palatized loads, lumber and sheet goods, drum storage and similar bulk products, in various racking configurations that are accessible and continuous.

All Pallet Rack components are standard or customized to fit your requirements.

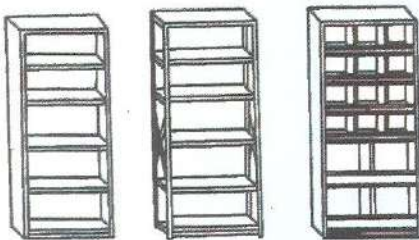

Super Market Racks

Slotted Angle Racks

Slotted Angle is one of the most versatile general construction systems available. It can be used for a host of applications including specialist shelving, racks, trolleys, benches, mountings, jigs, suspension systems, security caging, fire cavities, and support frameworks wherever a sturdy and tailor-made structure is required.

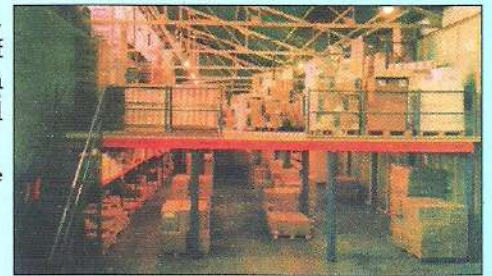

Lengths of Slotted Angle can be quickly cut and easily bolted together to form frameworks which can be readily modified or completely dismantled and re-used.

Pilco Mezzanine Floor

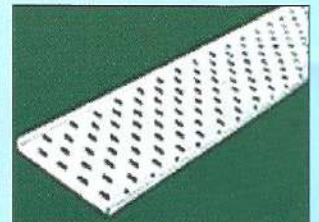

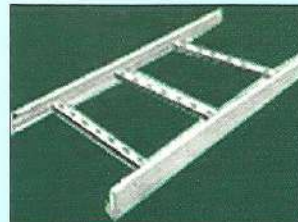

Pilco introduces Mezzanine Flooring Systems. The modular interlocking system, quick to install with its clip together components provides an efficient means of achieving additional storage space or office accommodation, flexibility in design permits quick dismantling and re-erecting in new locations or indeed extension of existing structures.

PILCO provides a full range of accessories so that the flooring system can be adapted to suit you specific needs. We also make wide span mezzanine floors.

Cable Trays

PILCO is leading manufacturer of perforated and ladder type trays, Raceways with accessories. Cable Trays and Raceways are available in different sizes as per the customer specifications. We manufacture cable trays and Raceways in 1.6 mm, 2.0 mm, 2.5 mm, and 3.0 mm. thickness & width - 50 mm to 1000 mm. Cable trays are available in different finishes like MS, Hot dip galvanized, powder coated, painted etc.
